FINDLAY CITY SCHOOLS FORECAST ASSUMPTIONS – September 27, 2010

REVENUES:

1.010-1.020 Property Tax - Property tax revenues are based on historical growth patterns, including scheduled updates and reappraisals. District voters passed a 5-year 5.9 mill replacement levy in November 2008 (TY2009-2013) with collection starting calendar year 2010 and ending calendar year 2014. Next scheduled reappraisal is 2010 on which collections will begin in calendar year 2011. The District anticipates no growth from the reappraisal based on input from the Budget Commission at their 2/24/10 hearing. Collections in FY08 were less in line 1.010 because the County Auditor had a larger collection window in the previous year than in FY2008 so amounts that would have normally been collected in 2008 were actually collected in 2007. Also see flood notes at the bottom.

The District replaced a 4.9 mill operating levy for 5 years on the May 2007 ballot (TY2007-2011) with collection continuing calendar year 2008 and ending calendar year 2012. Collections from this levy will stop in calendar 2013 and the decrease is shown in FY2013 on line 1.010; however revenue from the renewal of that levy is also shown on line 11.020.

The tangible personal property tax estimates are based on historical collection levels and recent changes in the state tax laws. Tangible personal property includes furniture & fixtures, machinery & equipment, and inventory. Effective tax year 2006, the tangible personal property tax began a four-year phase out. School districts have been promised full replacement of this lost tax over the next few years via the school funding formula and direct payments from the State (excluding the inventory taxes that were already scheduled to be eliminated and the first half-mill on bond and emergency levies). The direct payments from the State will be phased out over seven (7) years from 2014 through 2020. These state reimbursements are reflected in line 1.050 Property Tax Allocation. Ohio residents can expect to see much higher levy millage rates on future ballots given that tangible property will no longer be taxable.

The tangible personal property tax will be replaced by the new commercial activity tax (CAT), which is being phased in over a five-year period. Once fully phased in, the CAT will be a 0.26% tax on any business' gross receipts in excess of \$1 million. Businesses with gross receipts between \$150,000 and \$1 million will pay a minimum of \$150, while businesses with receipts of less than \$150,000 will not be subject to the CAT.

Beginning in tax year 2004, all taxpayers having taxable personal property with a taxable value of less than \$10,000 were no longer required to file a personal property tax return. Prior to 2004, taxpayers with less than \$10,000 in personal property filed a tax return, even though they would not owe any taxes. The state would use the form to reimburse school districts for personal property tax revenues that were not collected based on the filings. The state reimbursement was initially to be phased out over a 10-year period, beginning in fiscal year 2004. The reimbursement for fiscal year 2006 (\$214,000) was equal to 70% of the fiscal year 2003 reimbursement. Due to past tax reform, this \$214,000 was phased out in a four year period where the District now receives \$0.

The amounts in 1.010 and 1.020 do not anticipate the automatic passage of replacement or renewal levies. That means that when a levy is scheduled to expire, the estimated property tax revenue has a corresponding decline (e.g. FY13 & FY15). Although new levies may be proposed during this time period, no new levies are included in these amounts. Revenues from anticipated replacement/renewal levies are on line 11.020.

1.030 Income Tax - The District has no income tax collections.

1.035-1.040 Grants-in-Aid -To begin the 2009-2010 school year, the Governor and General Assembly passed a new biennium budget in mid-July which adopted a completely new methodology of calculating funding levels for Ohio's school districts. While Findlay, like most other districts, will not see any additional funding due to caps and amounts yet to be phased in, it must be acknowledged that this new method addresses many aspects of school funding such as building population, pupil teacher ratios, all-day kindergarten, local poverty levels, and local college attainment; none of which were taken into account in the former formula. For FY10 Findlay was guaranteed 99% of FY09 state funding and will see a 2% reduction in FY11. A 25% reduction is forecast in FY12 after adding lines 1.035 and 1.045 based on the economy and info from state legislators predicting an overall 22.7-30.1% reduction in state funding, including the sunset of the SFSF (line 1.045).

1.045 State Fiscal Stabilization Fund (SFSF) - The 2009 American Reinvestment & Recovery Act included money to be distributed by the State. The State is using that money to help fill its gap in formula funding available to school districts. In Findlay's case it was \$1,122,641 in FY10, which when added to other state funding gets us at 99% of the FY09 funding state funding level. This money is tracked in fund #532 and is within this forecast. It replaces funding that was previously provided by the State and is built into the biennial state budget. There are no restrictions on this funding at the local level. The amount for FY11 is \$1,236,500 based on recent state funding reports. This funding goes away in FY12 where the Feds & State hope that the economy will bounce back by then so that the State can resume past levels of funding, but that does not seem likely.

1.050 Property Tax Allocation - Property tax allocation revenues are based on historical growth patterns, including scheduled updates and reappraisals. Passage of a 5-year 5.9 mill replacement levy in November 2008 (TY2009-2013) with collection starting calendar year 2010 and ending calendar year 2014 has been built into the projection. The District replaced a 4.9 mill levy for five (5) years on the May 2007 ballot (TY2007-2011) with collection continuing in calendar year 2008 and ending in calendar year 2012.

The amounts in 1.010 and 1.020 do not anticipate the automatic passage of a replacement or renewal levy. That means that when a levy is scheduled to expire, the estimated property tax revenue has a corresponding decline (e.g. FY13 & FY15). Although new levies may be proposed during this time period, no new levies are included in these amounts. Revenues from anticipated replacement/renewal levies are in line 11.020.

1.060 All Other Revenues - FY2011-2015 anticipate lower investment income. However, FY2011 will net an additional 90K per year in rental fees from Millstream districts while another 90K per year is expected in FY2013 and the third phase will come in FY2014 for a total of 270K per year in rental fees from Millstream districts.

2.010 Proceeds from Sale of Notes - The District does not anticipate any sale of notes via the general fund.

2.050 Advances-In - Revenues received by a fund as a result of a transfer or advance from another fund in anticipation of future revenue. These are monies that were advanced out in previous year(s) and returned back to general fund. Line 2.050 should match the previous year's line 5.020.

EXPENDITURES:

3.010 Personnel Services - The amounts for salaries and benefits are based on existing negotiated agreements. No base salary increases have been assumed for fiscal years beyond FY12. Personnel services are projected at 1.2% increases to cover experience and education changes. FY07 went down 30-35 certified positions from FY2006 and 12-15 classified positions through a combination of non-renewals, reductions-in-force (RIF's) and attrition. FY09 reflects a gain of 6 teaching positions primarily due to the implementation of all day every day kindergarten throughout the district. Substitute costs of \$650,000 were moved to purchased services beginning in FY08 for the Renhill contract. FY10 includes reductions of 13 positions through a combination of attrition and RIFs, while FY11 includes reductions of 14.5 positions through attrition and 0.5 through RIF. FY12 reflects 5 fewer positions as the middle school transition begins. FY13 reflects 2 more transitional reductions and FY14 completes the personnel reductions from the new buildings with 8 fewer positions. It is the district's goal to continue to reduce positions if it makes sense in certain situations such as declining enrollment or lack of interest in a particular course. FY10 & 11 also have had 280K of special ed salaries removed which are covered by federal stimulus funds. Those salaries will need to be paid by the general fund again in FY12.

3.020 Employees' Retirement/Insurance Benefits - Line 3.020 reflects FY10 general fund health care costs of \$6.7 million (medical, prescription, dental and vision). The forecast assumes a net increase to the District's fiscal year 2010 health care costs of 9.1% in FY2011 based on August 2010 total renewal quote of \$8,106,336 from Anthem, 11.0% in FY12, 10.5% in FY13, 10.0% in FY14, and 9.5% in FY15. Line 3.020 also includes approximately \$178,000 for professional dues reimbursements, \$67,000 for tuition reimbursements, and \$90,000 for STRS/SERS 14% contributions for Renhill employees. The remaining benefits (e.g. retirement, Medicare, workers compensation, and unemployment) in line 3.020 are based on 16.5% of salaries in line 3.010.

3.030-3.040 Purchased Service and Supplies and Materials - Purchased services, which include contracted substitutes, utilities, repairs, leases, and tuition payments, are forecast to increase by an overall 5% in FY11 and 5% each year thereafter. General fund professional development will be reduced 20K in FY11 given that there is professional development money coming in from stimulus grants. Supplies reflect a 12.7% decrease in FY11 and 0% increases thereafter. Also see flood notes at bottom.

3.050 Capital Outlay - Fiscal year 2007 and 2008 equipment expenditures were up due to school bus purchases (430K) and the wireless technology project (550K). FY11 and beyond presume fewer general fund district projects than in the past. Also see flood notes at bottom.

4.020 Principal Notes - The District has three interest free asbestos loans from the United States Environmental Protection Agency. Tax revenues posted in the Debt Service Fund cover the scheduled loan payments. Annual requirements to amortize all long-term debt outstanding as of 6/30/10 are \$100,314 in 2011, \$72,402 in 2012, and \$30,698 in 2013 for a \$203,414 total.

4.050-4.060 HB 264 Loans & Interest - In FY2006 the District took out a low interest (4.297%) five-year loan to make improvements that would help reduce energy costs. Payments were semi-annual with the first payment on the principal made in late FY2006. This loan was paid off in May 2008 when the STAR Ohio investment rate was 2.2% and dropping.

4.300 Other Objects - This line is based on historical patterns and county auditor fees, which increase as collections increase.

5.010 Operating Transfer-Out - \$75,000 per year is transferred to fund 432 to cover EMIS costs.

5.020 Advances-Out - Advances are transactions, which withdraw money from one fund to another, in anticipation of future revenue. For the fiscal years 2011-2015, the District anticipates a need to annually advance funds to the Food Service Fund, 006-9060, in the amount of \$50,000; the Permanent Improvement fund, 003-9030, in the amount of \$90,000 and to miscellaneous state and federal funds in the amount of \$150,000 to cover cash flow needs. In FY08 the District advanced \$2,050,000 to the 014-9140 flood fund in anticipation of FEMA and Ohio EMA reimbursements. No advances were made out in FY10.

RESERVATION OF FUND BALANCE:

9.010 Textbooks and Instructional Materials - The District meets the annual spending requirement for SB345 set-asides. If the District spends monies in the textbook and instructional material set-aside in excess of the required amount for that year, the Board may deduct the excess amount of money from the required deposit in future fiscal years.

9.020 Capital Improvements - The district budget meets the annual spending requirement for SB345 set-asides. If the District spends monies in the Capital Improvements set-aside in excess of the required amount for that year, the Board may NOT deduct the excess amount of money from the required deposit in future fiscal years.

9.070 Bus Purchases - The District annually spends the allocations provided in these funds. While such subsidies used to be received every year, there is no expectation that such subsidies will be received in the future based on the current state budget. As of September 23, 2010, the District had \$63,923 in the bus purchase subsidy account.

11.020 Property Tax Renewal - By the end of calendar year 2012, the District will need to ask the voters to replace a 5-year 4.9 mill levy that previously passed in May 2007 (TY2007-2011) with collection starting calendar year 2008 and ending calendar year 2012. The Board will review the possibility of combining it with the district's 5.9 mill levy into a 10-year or continuous conversion levy which school boards can do through calendar year 2014.

FLOOD NOTES: Hancock County sustained major flood damage from large rainfalls at the end of August 2007. The Findlay City Schools had 8 properties that were affected: Central, Washington, Lincoln, Wilson Vance, Northview, and Findlay High School, as well as the Transportation garage and offices, and the softball shed at FHS. Repair and restoration and mitigation will exceed \$3.5 million. The bulk of the damage (over \$3.3 million) occurred at Central Middle School where the district's central offices and records were located in the basement. On August 27, 2007, the Board appropriated \$1.8 million for immediate needs to help clean up and replace what was damaged in the flood. The District qualifies for public assistance from FEMA. It is anticipated that FEMA will pay for 75% of the costs, while the State will cover at least 12.5% and the District will need to cover the remainder. FEMA eligible costs and reports are expected to be completed in 2010.

True Days Cash Ratio

True Days Cash is the concept that calculates how many days the District can operate with the amount of cash available at the end of the year. The calculation takes the available cash balance at the end of the year and divides it by the year's average daily operating expense as outlined below:

$$\text{True Days Cash Ratio} = \frac{\text{Unencumbered Balance}}{\text{Total Expenditures} / 365 \text{ Days}}$$
